

St. Ann's J&I School

On-line Safety Newsletter February 2020

Welcome to St. Ann's first On-line Safety Newsletter. We will be sending these out each half term, focussing on a different aspect of on-line safety. We will also be arranging some on-line safety events. These are all to give you more information that helps to keep your child safe on-line.

Social Media	Age Guide

So why are all the apps age restricted at 13?

Children's Online Privacy Protection Act (COPPA), which was passed in 1998. COPPA restricts websites from tracking data on children under 13, which is why most apps do not want kids younger than 13 to join.
